

## Possible JOI Agenda – Date of Meeting

- Recite the Creed: (Some clubs start with the Creed and others end with the Creed)
- Discussion of Creed: (Break it into parts and discuss; or ask who has an example of the tenet discussed last week that they used in their lives)
- Call for new applications (if necessary) and Roll Call for attendance
- Discuss leadership (in Elementary Clubs we often have teams that plan and lead) How can each member help the leader(s) be successful?
- Brainstorm needs that members see in their school, in their community, in their country, and in their world. Ideas sometimes arise that cannot be done by the kids – let them discover that aspect of problem solving. They do a bit of research/asking/etc. and then report that they need to look at another project as this won't be possible.
- List all suggestions – there are no wrong ideas!! When listed, combine those that go together. Questions may be asked to clarify a suggestion and the person who brought it up may answer.
- If time that day or at the next meeting, vote on the top three projects you like. Several ways to vote. When the votes are counted, the 3 projects with the most votes will be the ones we start with. Usually we do one at a time.
- During follow up meetings, Project Updates will be reported. Use the document “Planning for a Successful Project” as you work toward completing a successful project.
- Setting an Agenda for the next week – President/leader/club members and Adjourn.
